

Making a Difference

PGC's Compassion Sponsorship

We Are Committed to Making a Difference

Since day one, we've always been committed to making a difference through our company - for our team, our customers, locally and globally. One program we're especially proud to be a part of is Compassion's child sponsorships where we sponsor 28 children in impoverished communities in Haiti and Africa.

Compassion Sponsorship - How Does it Help?

Our monthly financial commitment invests directly in the lives of children living in extreme poverty, addressing both their physical and emotional needs by providing:

Food

Shelter

Education

**Healthcare to prevent
& help disease**

**Supplements to protect
against malnutrition**

**Recreational activities to
develop social skills**

**Regular, personally-written
letters for hope**

Letters of Hope

Lillian is responsible for writing personalized letters to all of the kids every other month. The letters help build a relationship and share words of hope for their future.

“

Reading those letters changes my mind. It fills me with love; it is a light I find.

Compassion program member from Ecuador.

In addition to the letters we receive from the 28 children, we also receive a letter written by a program member who works with the children in their country.

“

The letters are like gifts for children. When they receive them, it makes them feel that that they are taken into account, that someone loves and cares for them.

Yair, Compassion sponsored child.
